Actively contributing to **open-source** projects with focus on **front-end development** and web solutions.

PROFESSIONAL SUMMARY

Computer Science diploma holder passionate about building innovative web solutions. Skilled in front-end and back-end technologies with hands-on project experience. Quick learner, team player, and eager to contribute technical knowledge in a collaborative IT environment.

EDUCATION

Karnataka (Govt.) Polytechnic, Mangalore   **2022-2025**
*Diploma in Computer Science and Engineering– **7.5 CGPA***

SVS Temple English Medium School, Bantwal   **2012-2022**
*SSLC – **90%***

TECHNICAL SKILLS

- **Programming Languages:** Python, Java
- **Frontend Development:** HTML, CSS, JavaScript, React.js (including Hooks, JSX, State Management) Tailwind CSS
- **Backend Development:** Node.js, RESTful APIs, Spring, SpringBoot, Firebase Console
- **Database Management:** MySQL, MongoDB
- **Version Control:** Git, GitHub
- **Tools And Platforms:** Vs Code, GitHubPages, Netlify, Vercel, Postman (API Testing)
- **Other Skills:** CMS Integration (basic), Static Routing (CCNA), Problem Solving & Debugging, Deployment & Hosting, Ms Office, Linux

PROJECTS

- Car Rental Website - **Final Year Project**- React.js, JavaScript, Tailwind CSS, Firebase Console

    - Developed a full-stack web app for booking rental cars with a responsive UI and real-time inquiry via WhatsApp/email
    - Integrated static routing and Firebase for authentication and storage
    - Collaborated on GitHub with a team, managing code in a single branch and planning CMS integration for dynamic content updates.
    - Links: GitHub Repository, Live Link

CERTIFICATIONS

- **Cisco Certified Network Associate** (CCNA)
  Karnataka German Technical Training Institute   2025
    - Demonstrated understanding of **computer networking concepts** including IP addressing, subnetting, and network protocols.
    - Gained hands-on knowledge in **routing and switching** using Cisco routers and switches.
    - Learned **basic network security**, configuration, and troubleshooting techniques.

- **Employability Skills - ITI**
  SDEL Karnataka- Skill Development, Entrepreneurship, and Livelihood Department   2025
    - Developed essential **soft skills** required for the workplace, including communication, teamwork, and problem-solving.
    - Gained practical knowledge in **professional behaviour, time management, and work ethics**.
    - Enhanced interview preparedness and workplace adaptability through **interactive sessions, role-plays, and real-world scenario** training

- **Node.js Case Study**
  Infosys   2024
    - Explored the fundamentals of **Node.js**, including its event-driven architecture **and non-blocking I/O model.**
    - Gained hands-on experience building **RESTful APIs using Express.js** and integrating them with **backend databases**.
    - Understood practical use cases of Node.js in scalable web applications **through real-world case study** analysis

LEADERSHIP & VOLUNTEERING

- **Hospitality Team Lead**   Jan 2025
  Amrita Mahotsava & 45th Inter-Polytechnic Sports Meet – Karnataka (Govt.) Polytechnic, Mangalore
    - Led the hospitality and coordination team for **300+ participants** from various polytechnic colleges.
    - Managed guest reception, accommodation logistics, and ensured **timely support** throughout the event**.**
    - Demonstrated **effective teamwork**, **time management**, and **communication** under high-pressure situations.
    - Contributed to the successful execution of a large-scale **inter-collegiate event**, enhancing **leadership and organizational skills**.
